

To Whom It May Concern

We wish to make the following submission regarding the current boundary review as it pertains to the county of Tipperary:

During the last boundary review we argued successfully for the return to the Tipperary constituency of those parts of the county that had previously been moved into the Offaly constituency. While this was very much welcomed it led to the unintended consequence of Birdhill, Newport and Kilcomenty being moved from the Tipperary Constituency to the Limerick City Constituency.

It is not appropriate that the Newport LEA is currently divided between two Dail constituencies, a division that also saw the county boundary being breached. Any amendments to the current Dail boundaries should commence with the premise that the entire population of Tipperary be represented by TDs elected in a Tipperary constituency or constituencies.

The preliminary outcome of the 2022 Census shows a total population of 167,661 in the county of Tipperary. This is a population per TD of 33,532 and well beyond the permitted amount. It is clear that the current population of the county of Tipperary now necessitates the election of 6 TDs – this would equate to a population of 27,944 per TD.

As the terms of reference preclude the establishment of a single 6 seat constituency we would propose the reestablishment of two 3 seat constituencies as occurred prior to 2016.

We would propose the establishment of two 3 seat constituencies which can be done on a North and South Tipperary basis without breaching county or LEA boundaries. These two constituencies would be constructed as follows.

Tipperary North (3 seats)

Nenagh LEA 23,275

Roscrea - Templemore LEA 17,274

Newport LEA 17,472

Thurles LEA 20,012

Total Population: 78,033 (26,011 per TD)

Tipperary South (3 seats)

Cashel - Tipperary LEA 28,992

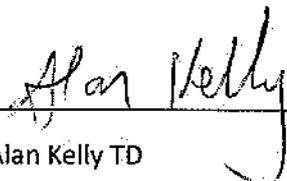

Cahir LEA 15,389

Clonmel LEA 24,976

Carrick on Suir LEA 20,271

Total Population: 89,628 (29,878 per TD)

Signed

Alan Kelly TD

Signed

Cllr Fiona Bonfield

In the recent General Election people from Newport, Birdhill and Kilcomentry in North Tipperary were forced to vote in the Limerick constituency, a decision that they were not consulted on and which flies in the face of common sense considering they're represented locally on Tipperary County Council. We are calling on the Constituency Commission to reassign the areas of north Tipperary from the Limerick constituency back into Tipperary before the next General Election.

Please sign and share if you believe that all the people of Tipperary should be able to vote for local TDs in the best interests of the local community.
